Principal's Corner

I want to take a moment to thank all of our students, parents, and staff on making my first year as principal a wonderful year. I hope everyone has a restful, safe summer and don't forget to practice those 7 Habits. Especially, habit 7, sharpen your saw. Take the time this summer to get outside and play, read a good book, or practice math problems. We have already started planning for next school year and we are looking forward to another great year.

Principal,
Robert Mountjoy

Lost & Found

Parents, we are overwhelmed with all the coats and jackets in lost and found. Please come by, or have your child look to see if anything belongs to them. We will be bagging these items soon and donating to Goodwill. Thank you.
